(ii)(a) If the LEA chooses not to follow the local governing body's purchasing procedures, and the LEA is located in a county having a population of less than forty thousand (40,000), according to the 2010 federal census or any subsequent federal census, then all expenditures for the purchase of supplies, furniture, fixtures, or materials through the executive committee estimated to cost ten thousand dollars (\$10,000) or more must be made on competitive bids, which must be solicited by advertisement in a newspaper of general circulation in the county, except that the newspaper advertisement may be waived in case of emergency; or

(iii) LEAs that have a purchasing division may use a comprehensive vendor list to solicit competitive bids; provided, that:

(a) The vendors on the list are given notice to bid; and

(b) The purchasing division shall periodically advertise in a newspaper of general circulation in the county for vendors and shall update the list of vendors following the advertisement;

(C)(i) If the LEA chooses not to follow the local governing body's purchasing procedures, and the LEA is located in a county having a population of less than forty thousand (40,000), according to the 2010 federal census or any subsequent federal census, then all purchases of less than ten thousand dollars (\$10,000) may be made in the open market without newspaper notice, but must, whenever possible, be based upon at least three (3) competitive bids; or

Whether following the local governing body's procedures or the procedures set forth in this subdivision (a)(3)(D)(i), in the event no bid is within the budgetary limits set by the board for the construction, the board may negotiate with the lowest and best bidder to bring the cost of the construction within the funds available;

(ii) Construction management services that are provided for a fee and that involve preconstruction and construction administration and management services are deemed to be professional services and may be performed by a qualified person licensed under title 62, chapter 6. Construction management services are to be procured for each project through a written request for proposals process through advertisement made pursuant to subdivision (a)(3)(B). A board may include, in a single written request for proposal process, new school construction or renovation projects at up to three (3) sites, if construction at all sites will occur at substantially the same time. The written request for proposals process will invite prospective proposers to participate and will indicate the service requirements and the factors used for evaluating the proposals. The factors shall include the construction manager's qualifications and experience on similar projects, qualifications of personnel to be assigned to the project, fees and costs or any additional factors deemed relevant by the procuring entity for procurement of the service. Cost is not to be the sole criterion for evaluation. The contract for such services shall be awarded to the best qualified and responsive proposer. A construction manager is prohibited from undertaking actual construction work on a project over which the construction manager coordinates or oversees the planning, bid or construction phases of the project, except in instances where bids have been solicited twice and no bids have been submitted. If the construction manager can document that a good faith effort was made in each bid solicitation to obtain bids and no bids were received, then the construction manager may perform the construction work at a price agreed upon by the construction manager, the architect and the owner of the project. A school system, at its own discretion, may perform work on the project with its own employees, and may include the coordination and oversight of this work as part of the services of the construction manager. Sealed bids for actual construction work shall be opened at the bid opening and the names of the contractors and their bid amounts shall be announced;

(a) A general contractor licensed in Tennessee pursuant to title 62, chapter 6; provided, that none of such services performed by a general contractor involve any of the services exempt from the requirements of title 62, chapter 6 as "normal architectural and engineering services" under § 62-6-102(4)(B) or (C), unless, with regard to the performance of any services defined as normal architectural and engineering services, the general contractor is also licensed as an architect or engineer under title 62, chapter 2; or

(b) An architect or an engineer licensed pursuant to title 62, chapter 2; provided, that none of such services performed by an architect or engineer involve any of the services required to be performed by a contractor within the definition of "contractor" under § 62-6-102, unless with regard to the performance of any services included within the definition of contractor, the architect or engineer is also licensed as a contractor under title 62, chapter 6;

(iv) Construction work that is under the coordination and oversight of a construction manager shall be procured through competitive bids as provided in this subsection (a);

(E) No board of education shall be precluded from purchasing materials and employing labor for the construction of school buildings or additions to school buildings;

(F) Subdivisions (a)(3)(B), (C) and (E) apply to local boards of education of all counties, municipalities and special school districts; provided, however, that subdivisions (a)(3)(B) and (C) shall not apply to purchases by or for a county's or metropolitan government's board of education in counties with a population of not less than two hundred thousand (200,000), according to any federal census, so long as the county, through county or metropolitan government charter, private act, or ordinance, establishes a procedure regarding purchasing that provides for advertisement and competitive bidding and sets a dollar amount for each purchase requiring advertisement and competitive bidding; and provided, further, that purchases of less than the dollar amount requiring advertisement and competitive bidding shall, wherever possible, be based upon at least three (3) competitive bids. Subdivision (a)(3)(D) applies to county and municipal boards of education;

(G)(i) Notwithstanding any law to the contrary, contracts for energy-related services that include both engineering services and equipment, and have as their purpose the reduction of energy costs in public schools or school facilities shall be awarded on the basis of recognized competence and integrity and shall not be competitively bid;

(ii) In the procurement of engineering services under this subdivision (a)(3)(G), the local board may seek qualifications and experience data from any firm or firms licensed in Tennessee and interview such firm or firms. The local board shall evaluate statements of qualifications and experience data regarding the procurement of engineering services, and shall conduct discussions with such firm or firms regarding the furnishing of required services and equipment and then shall select the firm deemed to be qualified to provide the services and equipment required;

(iii) The local board shall negotiate a contract with the qualified firm for engineering services and equipment at compensation which the local board determines to be fair and reasonable to the LEA. In making such determination, the local board shall take into account the estimated value of the services to be rendered, the scope of work, complexity and professional nature thereof and the value of the equipment;

(iv) Should the local board be unable to negotiate a satisfactory contract with the firm considered to be qualified, at a price determined to be fair and reasonable, negotiations shall continue with other qualified firms until an agreement is reached;

(v) A local board having a satisfactory existing working relationship for engineering services and equipment under this subdivision (a)(3)(G) may expand the scope of the services; provided, that they are within the technical competency of the existing firm, without exercising this subdivision (a)(3)(G); and

(vi) This subdivision (a)(3)(G) shall not prohibit or prevent the energy efficient schools council from establishing required design criteria in accordance with industry standards;

(4) Order warrants drawn on the county trustee on account of the elementary and the high school funds, respectively;

(5) Visit the schools whenever, in the judgment of the board, such visits are necessary;

(6) Except as otherwise provided in this title, dismiss teachers, principals, supervisors and other employees upon sufficient proof of improper conduct, inefficient service or neglect of duty; provided, that no one shall be dismissed without first having been given in writing due notice of the charge or charges and an opportunity for defense;

(7) Suspend, dismiss or alternatively place pupils, when the progress, safety or efficiency of the school makes it necessary or when disruptive, threatening or violent students endanger the safety of other students or school system employees;

(8) Provide proper record books for the director of schools, and should the appropriate local legislative body fail or refuse to provide a suitable office and sufficient equipment for the director of schools, the local board of education may provide the office and equipment out of the elementary and the high school funds in proportion to their gross annual amounts;

(9)(A)(i) Require the director of schools and the chair of the local board of education to prepare a budget on forms furnished by the commissioner, and when the budget has been approved by the local board, to submit the budget to the appropriate local legislative body. The director of schools and the chair of the local board of education shall prepare a budget according to the revenue estimates and revenue determinations made by the county legislative body under § 49-2-101(1)(D);

(ii) No LEA shall submit a budget to the local legislative body that directly or indirectly supplants or proposes to use state funds to supplant any local current operation funds, excluding capital outlay and debt service;

(B)(i) Notwithstanding any other law to the contrary, for any fiscal year, if state funding to the county for education is less than state funding to the county for education during the fiscal year 1990-1991 or less than the previous fiscal year's state funding to the county for education, except that a reduction in funding based on fewer students in the county rather than actual funding cuts shall not be considered a reduction in funding for purposes of this subdivision (a)(9)(B)(i), local funds that were appropriated and allocated to offset state funding reductions during any previous fiscal year are excluded from this maintenance of local funding effort requirement;

(ii) It is the intent of subdivision (a)(9)(B)(i) to allow local governments the option to appropriate and allocate funds to make up for state cuts without being subject to a continuation of funding effort requirement as to those funds for any year during which the state reinstates the funding or restores the previous cuts, and during any subsequent year should the state fail to restore the funding cuts;

(C) Subdivision (a)(9)(A)(ii) shall not apply to a newly created LEA in any county where the county and city schools are being combined for a period of three (3) years after the creation of the LEA. The county board of education shall submit its budget to the county legislative body no later than forty-five (45) days prior to the July term or forty-five (45) days prior to the actual date the budget is to be adopted by the county legislative body if the adoption is scheduled prior to July 1;

(10) Prepare, or have prepared, a copy of the minutes of each meeting of the board of education, and provide a copy of the minutes no more than thirty (30) days after the board meeting or at the time they are provided to members of the board, if such is earlier, to the president of each local education association. Any subsequent corrections, modifications or changes shall be distributed in the same manner;

(11) Adopt and enforce, in accordance with guidelines prescribed by the state board of education pursuant to § 49-6-3002, minimum standards and policies governing student attendance, subject to availability of funds;

(12) Develop and implement an evaluation plan for all certificated employees in accordance with the guidelines and criteria of the state board of education, and submit the plan to the commissioner for approval;

(13)(A) Notwithstanding any other public or private act to the contrary, employ a director of schools under a written contract of up to four (4) years' duration, which may be renewed. No school board, however, may either terminate, without cause, or enter into a contract with any director of schools during a period extending from forty-five (45) days prior to the general school board election until thirty (30) days following the election. Any vacancy in the office of the director that occurs within this period shall be filled on a temporary basis, not extending beyond sixty (60) days following the general school board election. An option to renew a contract that exists on May 22, 2001, may be exercised within the time period set out in this subdivision (a)(13)(A). Any such person transferred during the term of the person's contract shall not have the person's salary diminished for the remainder of the contract period. The board may dismiss the director for cause as specified in this section or in chapter 5, part 5 of this title, as appropriate. The director of schools may be referred to as the superintendent and references to or duties of the former county superintendents shall be deemed references to or duties of the director of schools employed under this section. The school board is the sole authority in appointing a director of schools;

(B) Each school board shall adopt a written policy regarding the method of accepting and reviewing applications and interviewing candidates for the position of director of schools;

(C) No school board shall extend the contract of a director of schools without giving notice of the intent to do so at least fifteen (15) calendar days prior to the scheduled meeting at which action shall be taken. Further, except in cases concerning allegations of criminal or professional misconduct, no school board shall terminate the contract or remove a director of schools from office without giving notice at least fifteen (15) calendar days prior to the scheduled meeting at which action shall be taken. Notice of extension or termination of a contract of a director of schools shall include the date, time and place of the meeting, and shall comport with all other requirements of §§ 8-44-103 and 49-2-202(c)(1). The proposed action shall be published as a specific, clearly stated item on the agenda for the meeting. Such item, for the convenience of the public attending the meeting, shall be the first item on the agenda;

(14) Adopt policies on the employment of substitute teachers. The policies shall, at a minimum, address qualifications and training and shall ensure substitute teachers are subject to investigation pursuant to § 49-5-413. The policies shall also prohibit hiring any substitute teacher whose records with the state department of education indicate a license or certificate currently in revoked status; and

(15) Develop and implement an evaluation plan to be used annually for the director of schools. The plan shall include, but shall not be limited to, sections regarding job performance, student achievement, relationships with staff and personnel, relationships with board members, and relationships with the community.

(b) The local board of education has the power to:

(1) Consolidate two (2) or more schools whenever in its judgment the efficiency of the schools would be improved by the consolidation;

(2) Require school children and any employees of the board to submit to a physical examination by a competent physician whenever there is reason to believe that the children or employees have tuberculosis or any other communicable disease, and upon certification from the examining physician that the children or employees have any communicable disease, to exclude them from school or service until the child or children, employer or employers, employee or employees furnish proper certificate or certificates from the examining physician or physicians showing the communicable disease to have been cured;

(3) Establish night schools and part-time schools whenever in the judgment of the board they may be necessary;

(4) Permit school buildings and school property to be used for public, community or recreational purposes under rules, regulations and conditions as prescribed from time to time by the board of education;

(A) No member of the board or other school official shall be held liable in damages for any injury to person or property resulting from the use of school buildings or property;

(B) The local board of education may lease buildings and property or the portions of buildings and property it determines are not being used or are not needed at present by the public school system to the owners or operators of private child care centers and kindergartens for the purpose of providing educational and child care services to the community. The leases may not be entered for a term exceeding five (5) years and must be on reasonable terms that are worked out between the school board and the owner or operator. The leasing arrangement entered into in accordance with this subdivision (b)(4)(B) shall not be intended or used to avoid any school integration requirement pursuant to the fourteenth amendment to the Constitution of the United States. The local board of education shall not execute any lease pursuant to this subdivision (b)(4) that would replace or supplant existing kindergarten programs or kindergarten programs maintained pursuant to the Minimum Kindergarten Program Law, codified in § 49-6-201. This subdivision (b)(4) shall also apply to municipal boards of education;

(5) Employ legal counsel to advise or represent the board;

(6) Make rules providing for the organization of school safety patrols in the public schools under its jurisdiction and for the appointment, with the permission of the parents, of pupils as members of the safety patrols;

(7) Establish minimum attendance requirements or standards as a condition for passing a course or grade; provided, that the requirements or standards are established prior to any school year in which they are to be applicable, are recorded in board minutes and publicized through a newspaper of general circulation prior to implementation and are printed and distributed to students prior to implementation; and provided, further, that the requirements or standards shall not violate § 49-6-3002(b);

(8) Provide written notice to probationary teachers of specific reasons for failure of reelection pursuant to this title; provided, that any teacher so notified shall be given, upon request, a hearing to determine the validity of the reasons given for failure of reelection; provided, that:

-
- (A) The hearings shall occur no later than thirty (30) days after the teacher's request;
- (B) The teacher shall be allowed to appear, call witnesses and plead the teacher's cause in person or by counsel;
- (C) The board of education shall issue a written decision regarding continued employment of the teacher; and
- (D) Nothing contained in this subdivision (b)(8) shall be construed to grant tenure or the expectation of continued employment to any person;
- (9) Offer and pay a bonus or other monetary incentive to encourage the retirement of any teacher or other employee who is eligible to retire. For purposes of this subdivision (b)(9), "local board of education" means the board of education of any county, municipal or special school system;
- (10) Lease or sell buildings and property or the portions of buildings or property it determines are not being used or are not needed at present by the public school system in the manner deemed by the board to be in the best interest of the school system and the community that the system serves. In determining the best interest of the community, the board may seek and consider recommendations from the planning commission serving the community. No member of the local or county board or other school official shall be held liable in damages for any injury to person or property resulting from the use of the school buildings or property. No lease or sale shall be used to avoid any school integration requirement. A local board of education may also dispose of surplus property as provided in §§ 49-6-2006 and 49-6-2007, it being the legislative intent that a local board at its discretion may dispose of surplus property to private owners as well as civic or community groups as provided by this subdivision (b)(10);
- (11) Establish and operate before and after school care programs in connection with any schools, before or after the regular school day and while school is not in session. State basic education program (BEP) funds and any required local matching funds cannot be used in connection with the operation of a before or after school care program. The board may charge a fee of any child attending a before or after school care program;
- (12) Contract for the management and operation of the alternative schools provided for in § 49-6-3402 with any other agency of local government;
- (13) Include in student handbooks, or other information disseminated to parents and guardians, information on contacting child advocacy groups and information on how to contact the state department of education for information on student rights and services;
- (14) Cooperate with community organizations in offering extended learning opportunities;
- (15) Apply for and receive federal or private grants for educational purposes. Notwithstanding title 5, chapter 9, part 4, except for grants requiring matching funds, in-kind contributions of real property or expenditures beyond the life of the grant, appropriations of federal or private grant funds shall be made upon resolution passed by the local board of education and shall comply with the requirements established by the granting entity. A county board of education or city board of education shall
-

provide a copy of such resolution to the local legislative body as notice of the board's actions within seven (7) days of the resolution's passage; and

(16) Operate ungraded or unstructured classes in grades kindergarten through three (K-3). The operation of ungraded or unstructured classes does not impair the LEA's participation in the basic education program.

(c)(1) Notwithstanding title 8, chapter 44, part 1, a local board of education may conduct a scheduled board meeting by electronic means as long as the member can be visually identified by the chair, including, but not limited to, telephone, videoconferencing or other web-based media, if a member is absent because the member is required to be out of the county in which the LEA is located for the member's work, the member is dealing with a family emergency as determined by the LEA, or because of the member's military service. Only members who are out of the county for work, family emergency or military service may attend and participate in the meeting electronically.

(2) No board meeting shall be conducted with electronic participation unless a quorum of members is physically present at the location of the meeting.

(3) A board member wishing to participate in a scheduled board meeting electronically who is or will be out of the county because of work shall give at least five (5) days notice prior to the scheduled board meeting of the member's intention to participate electronically.

(4) No board member shall participate electronically in board meetings more than two (2) times per year; except, that this limitation shall not apply to a board member who is out of the county due to military service.

(5) The local board of education shall develop a policy for conducting such meetings.

(d)(1)(A) Notwithstanding any law to the contrary, the local boards of education, the municipal legislative bodies, and the county legislative body are authorized to negotiate and enter into a binding agreement that addresses the municipality's or county's responsibility to remit certain gross receipt taxes owed by the municipality or county, under § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014, if:

(i) At any time prior to entering the binding agreement authorized in subdivision (d)(1)(A), a municipality or county has received from the commissioner of revenue gross receipt taxes collected by the department under § 57-4-301(c) and as authorized by § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014; and

(ii) Thereafter the municipality or county, acting in good faith did not remit the proceeds to the appropriate school fund, system, or systems as required by § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014.

(B) Such agreement, in determining the municipality's or county's responsibility to remit certain gross receipt taxes owed by the municipality or county, under § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014, may permit the municipality or county to offset its liability in whole or in part by past, present or future appropriations, expenditures, allocation of revenue, gifts, capital projects or other similar payments, grants, or any consideration made by the municipality or county to the school system, on behalf of the school system, or otherwise directly benefitting the school system.

(2) Such agreement shall be entered into and approved no later than August 31, 2014, and shall be the final understanding of the obligations between the parties and shall not be subject to additional requests or demands. A copy of this agreement shall be filed with the comptroller of the treasury and the commissioner of revenue. If any party defaults, then the aggrieved party shall notify the comptroller of the default. The comptroller shall deliver by certified mail a written notice of such default to the defaulting party within five (5) business days of receiving the notice. In the event the defaulting party fails to cure the default within sixty (60) days of the receipt of such notice, the comptroller shall direct the commissioner to withhold future distributions of proceeds authorized under § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014, to the defaulting party. Upon the commissioner's withholding of the proceeds, an aggrieved party shall have the authority to pursue equitable relief against the defaulting party in the chancery court of Davidson County. Upon receipt of a copy of the final judgment of the court, the commissioner shall distribute all withheld proceeds to the defaulting party, which shall remit such proceeds to the aggrieved party pursuant to the judgment. If the amount of the judgment is not satisfied by the withheld proceeds, the defaulting party shall be solely responsible for remitting future proceeds to the aggrieved party pursuant to the judgment.

(3)(A) If by September 1, 2014, the local boards of education, the municipal legislative bodies, and the county legislative body fail to enter into a binding agreement as authorized under subdivision (d)(1)(A), then any party may:

(i) Seek equitable relief in the chancery court of Davidson County; or

(ii) Request the comptroller to undertake binding arbitration to resolve any disagreements. The comptroller shall select the arbitrator.

(B) Such equitable relief shall be limited to those proceeds received by the local political subdivision pursuant to § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014, and not remitted to the proper fund, system or systems as required by § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014, from July 1, 1999, to June 30, 2014. The amount owed the appropriate school fund, system, or systems may be paid in equal installments, but not to exceed ten (10) years.

(C) All costs incurred by the comptroller of the treasury and the department of revenue under this subdivision (d)(3) shall be born equally by the parties.

(D) In the event a party fails to pursue the remedies available pursuant to subdivision (d)(3)(A)(i) or (d)(3)(A)(ii) by December 31, 2014, then the party shall be barred from any other relief for proceeds received by a local political subdivision prior to July 1, 2014.

(4) As the historical records of the comptroller of the treasury and the department of revenue permit, the comptroller of the treasury is authorized to provide to the local boards of education, the municipal legislative bodies, and the county legislative body the amount of the proceeds distributed to the local political subdivisions by the department under § 57-4-306(a)(2), as such subdivision existed prior to July 1, 2014.

(5) This subsection (d) shall not apply to any action, case, or proceeding commenced prior to June 1, 2014.

(6) Any agreement to address a municipality's or county's responsibility to remit certain gross receipt taxes owed by the municipality or county under § 57-4-306(a)(2) entered into prior to May 13, 2014, is hereby ratified and this subsection (d) shall not apply to such agreements.

(7) This subsection (d) shall not apply in counties having a population, according to the 2010 federal census or any subsequent federal census of:

not less than:

98,900

336,400

nor more than:

99,000

336,500

(e) Notwithstanding any public or private act to the contrary, a local board of education's administrative office may be located within a building owned by the United States government, or an agency or instrumentality of the United States government, pursuant to a lease or easement authorized by the United States government.

RE: ~~Snackle Island~~ Fire Rescue (SIFR)

DATE: March 22, 2023

I would like to bring to your attention the following observations and ask for your guidance in how to proceed with rectifying the issues.

1. SIFR Bylaws state that only two members of the board can live outside of the fire district.

Three members live outside of the district, one of whom lives outside Sumner County in Robertson. The third person that the board allowed to live outside the district was decided in a closed-door meeting in January.

2. SIFR insurance is provided through one of the board members.

There have no competitive bids for the insurance.

An insurance certificate has never been presented.

3. \$48,000 was provided to SIFR for the purchase of a generator.

The generator was not purchased and the minutes of the October 20, 2020, indicate that some of the money had been turned back in to be fair to the other 10 departments. David Lawing says that no money came back to the county.

4. In a profit and loss statement for the period January – December 2022, it was reported that \$1,829.56 was spent on building maintenance and improvements.

Since this is a county-owned building, the county pays for all repairs. At the January 2023 meeting, the treasurer could not identify what the money was actually spent on.

5. At the January 2023 meeting, the public was asked to leave the meeting for the SIFR board to review some personnel issues.

The chair was warned (by me) that the meeting is supposed to be public, because it is funded by the public.

In the closed-door meeting, the board voted to allow the third person on the board to live outside of the fire district.
